

## Connect and Go

Pro-face Connect is a ready to use embedded HMI service to access machines remotely and securely.

### Efficient and easy to use

- Remote access for programming, diagnostics, control, and monitoring
- Speeds up operations and reduces machine downtime

### Works everywhere, for everyone

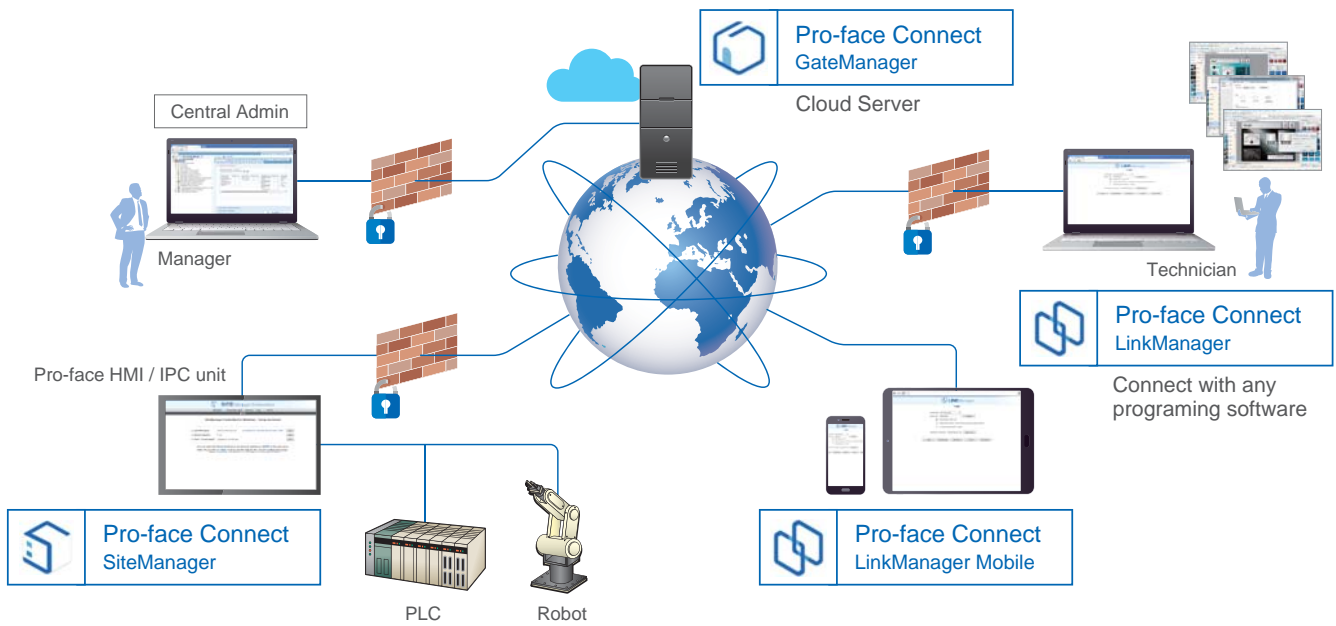

- Operable for all application and segments
- Available from a desktop PC, laptop, or tablet

### Reliable and Safe

- Cybersecure (end to end) for both original equipment manufacturers and end users
- Secure access to remote devices over the internet
