Industrial grade

HMIs with 4G router

Machine Builder
(Electric Engineer, Field service)

who do or will do remote maintenance service to END user

who sell machine to oversea

Simple, Secure & Robust Remote Maintenance by HMI with Industrial grade 4G router

Enable remote maintenance service

Add 4G router with SIM card, then HMI can send email for alert notification and/or get remote access via internet.

Industrial grade

Adapt industrial environment such as temperature range, DC24V, installation, separated antenna.

Secure IT connected architecture

No need to install additional gateway box or Edge Box. HMI can be gateway server (VPN server) for remote maintenance.

High Flexibility

- OT/IT Connectivity -

*1 Available all product which supported Pro-face Remote HMI and Pro-face Connect

How does it work

- 1 Connect 4G router and HMI by Ethernet.
- 2 Insert SIM to 4G router.
- 3 Use Pro-face connect to access HMI remotely and use Web Viewer to monitor the HMI screen remotely.

Structure

4 Alert (email)

- 1) Send email from HMI
- 2) Add Deep-Link to the email
- 3) Click the link on email to start monitoring HMI by smartphone or PC

Application: Remote Maintenance

- Monitor HMI by Remote HMI for Win on PC
- Use Pro-face connect for Remote connection
