

# Easy Andon Solution with Pro-face HMI and Windows Stick PC

Designed for end users for any manufacturing industries using Andon systems such as Automotive, Electronics, Food Processing, etc.

## COMMON ISSUES

Limited budget, costly cable installation, and no resources to develop a custom Andon dashboard.

## KEY BENEFITS

### Low-cost setup

Use your existing HMI and an Windows Stick PC to cut costs and speed deployment.

### No wiring needed

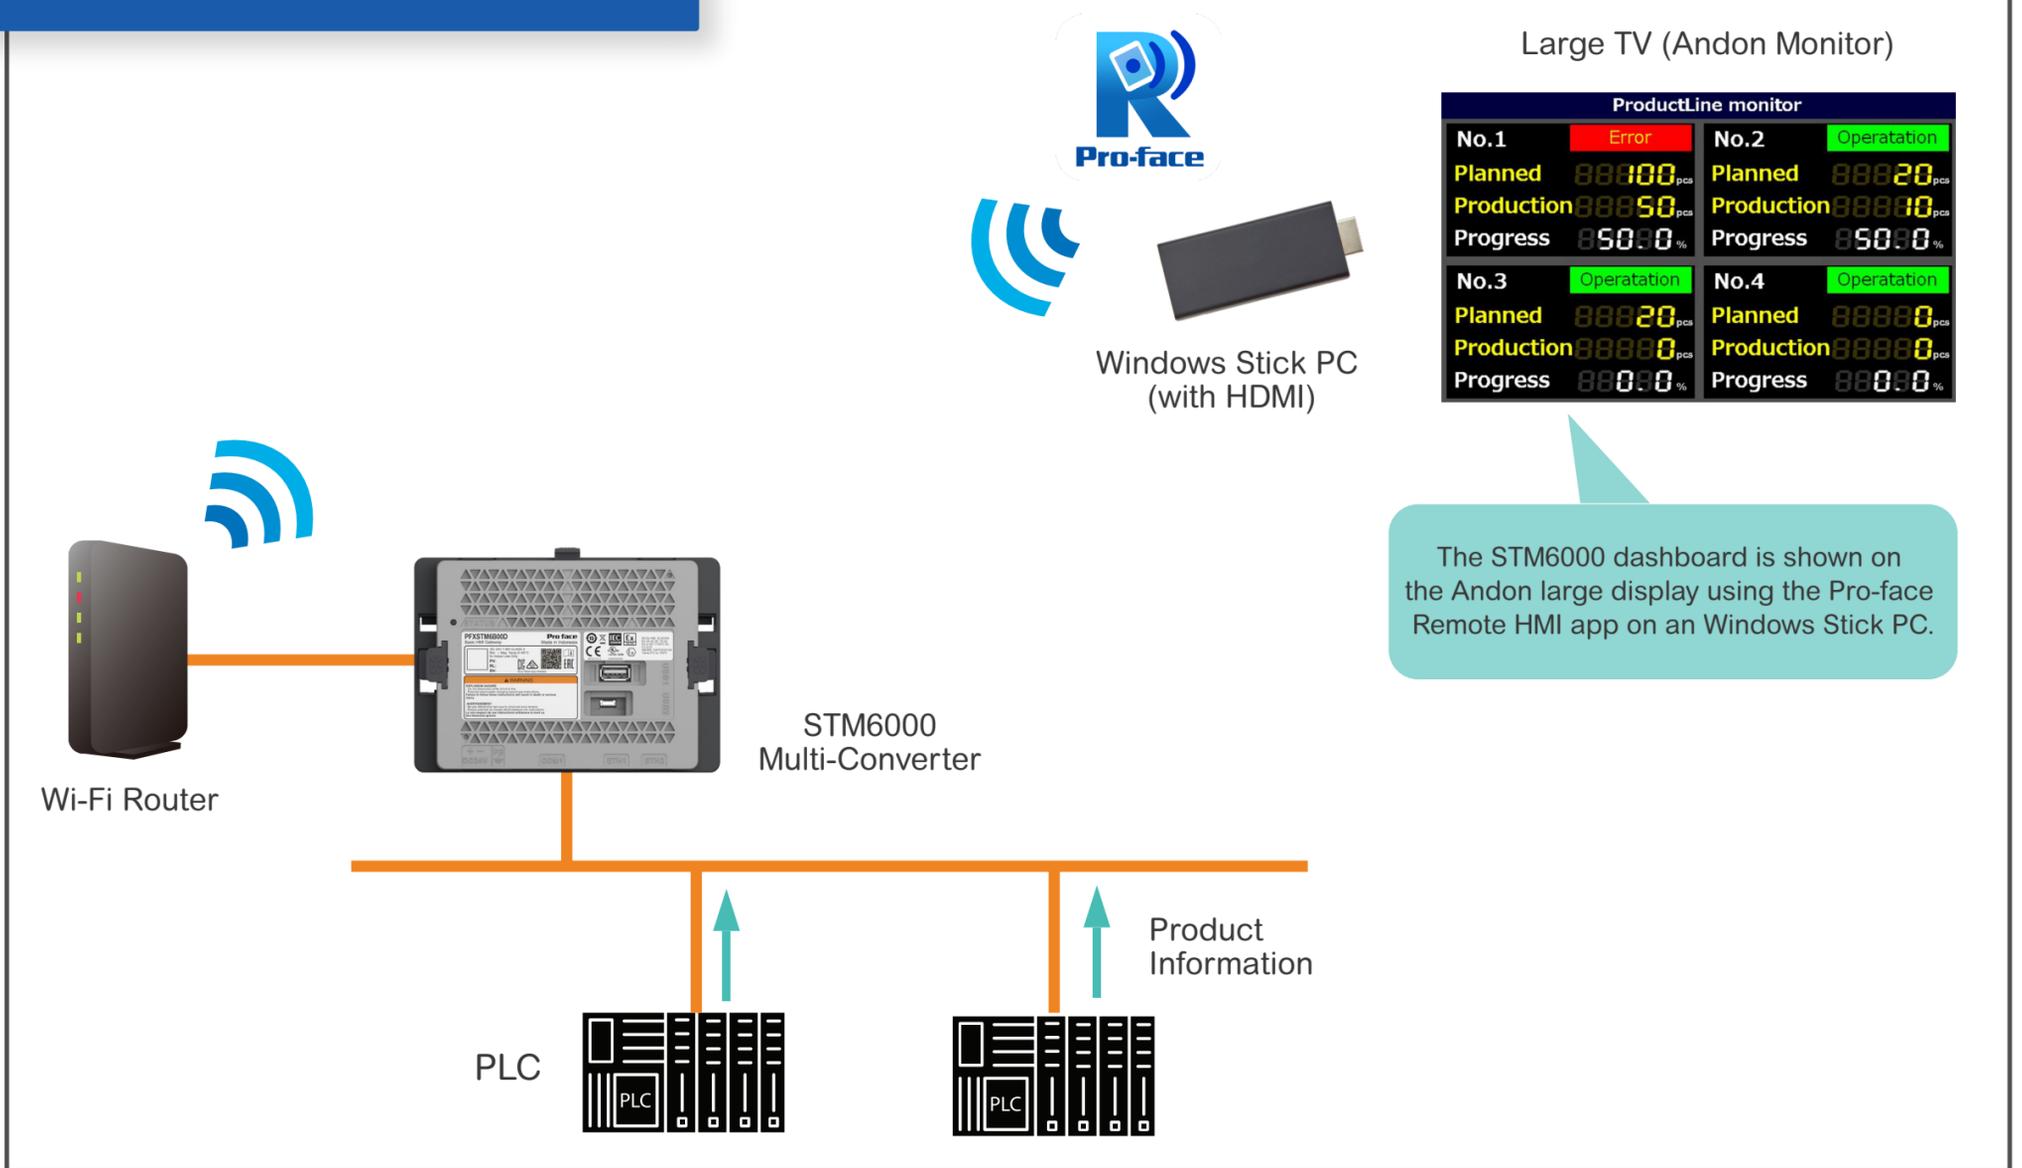

Wireless screen sharing cuts installation time and eliminates cable costs.

### No new screens to develop

Mirror your HMI for quick setup and easy updates.
