

User friendly, yet Powerful & DIGITAL

Enables HMI screen and logic programming for all.

Screen creation can be performed with ease due to many ready-made functions that promote compatibility with legacy applications and reduce development time.

Easy HMI Screen & Logic Programming with Ready-Made Functions

Save time and
be more efficient

The included parts library offer advanced features without programming efforts. Leverage our HMI specialist technology to streamline project migration, enhance system security, and easily integrate information. With modular architecture, convenient parts and icons, and support for industry standards, you can focus on what matters most, ultimately saving time and boosting overall efficiency.

There are many parts available on the web.

Download here

Operational efficiency
and less unplanned
downtime

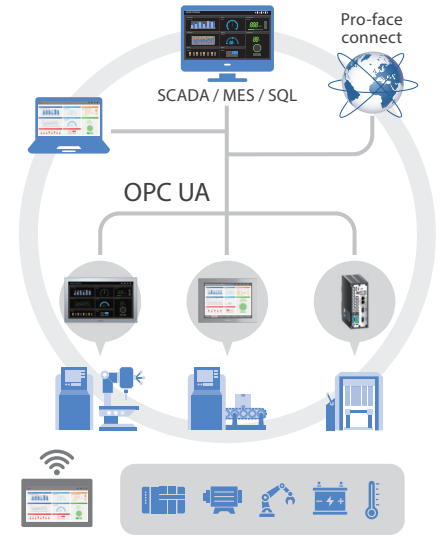

Guidance Feature (PDF Viewer)
Efficiently guide operators through
fast troubleshooting

Real-Time Monitoring (Web Browser)
Efficiently monitor and evaluate work-
place conditions via IP cameras, includ-
ing areas that are not directly visible.

**Easy Setting and Maintenance
(Web Browser)**

Access the built-in web server in
controllers for setting changes,
maintenance, and more.

Increase connectivity
and cybersecurity

OPC-UA Server ensures compatibility and scalability through standardized protocols, while Pro-face Connect provides the highest level of end-to-end security and encryption

Licenses

Model	Description
PFXEXBT5SA	GP-Pro EX V5 single License (1 seat)
PFXEXBT5GA	GP-Pro EX V5 group License (3 seats)
PFXEXBT5TA	GP-Pro EX V5 team License (10 seats)
PFXEXBT5EA	GP-Pro EX V5 entity License (100 seats)
PFXEXBT5GUP	GP-Pro EX V5 UPGRADE License (3 seats) *
PFXEXWGP5SA	GP-Pro EX V5 Windows Runtime, Pro-face IPC
PFXEXWGOT5SA	GP-Pro EX V5 Windows Runtime, general PC

* Limited-Time Special Upgrade License for Existing V4.x Users – Available Until the End of December 2026
